Postmaster General Burleson has approved a bill to reduce the postage on drop letters from two cents to one cent. This will be a great saving to business men who mail statements to their local customers to simplify collections.

The Democratic National Committee and the woman's associate committee have been called by National Chairman Cummings to meet here January 8 to fix a time and place for the national convention next year.

Mining corporations have been enlisted by State Forester J. E. Barton in a movement to reforest denuded coal lands. Yellow poplars will be planted on worn out workings in Harlan county. Several acres of timber are needed for one mining development.

A new municipal law forbids Mexicans to hold fiestas in cemeteries over the graves of their grandmothers or other relatives, as has been the annual practice of the poorer people on All Soul's Day. The Federal Council of Protestant Evangelistic Missions of Korea, at Seoul, has just presented to Gov. Gen. Baron Salto a petition asking that religious liberty, already guaranteed by the Japanese constitution, be made effective in Korea. The petitioners also ask that steps be taken by Japanese authorities to promote the moral welfare of the Korean people. The memorial was presented pursuant to a request from the Governor General that the missionaries frankly express their views. Frank M. Stites, Jr., of this city and his wife are two of the American missionaries at Seoul.

Charles and Matthew Miller, the first two brothers to enter Sing Sing together for the same crime, have been granted the first request they made to the prison authorities, which was that they be given the same kind of work. They were made knitters and placed side by side. The boys, who were 18 and 19 years old, respectively, were sentenced in Orange county for robbery. They said they witnessed a robbery in a movie and on their way home decided to try their hand at being highwaymen.

New York Monday witnessed its greatest parade of any one people—more than 100,000 Jews men and women marching to an old-age Hebrew dirge—in protest against the alleged massacres of their people in the Ukraine. Winding for hours from the lower East Side to Carnegie Hall in the heart of the metropolis, the cortege continued uninterrupted from 1 o'clock in the afternoon until long after dark. Nearly 25,000 uniformed soldiers, sailors and marines, veterans of the war, led the procession, and American and Zionist flags, draped with mourning, and banners telling of the sacrifices of Jewry in the world's conflict for democracy and humanity were borne aloft throughout the long line.

After a year's search, the war department, through Rev. Golden A. Smith of Petersburg, Ind., has located Dessie May Stewart and Dorothy Stewart age 7 and 9 years; half sisters of Lieut. Lawrence C. Albarn, who was killed in the Argonne forest, Nev. 9, 1918, just two days before the signing of the armistice. Nine years ago Alcorn, shortly after his mother was married to A. C. Stewart, went to the Texas oil fields, and when war was declared volunteered and was promoted to a lieutenant. While in the army he would write to his little half sisters, whom he had never seen. When he had his life insured he had the risk made out in their favor, but he never wrote and told them he had done this, and when the news came of his death the family made no effort to get in touch with the government. The children will get \$10,000.

CAPTAIN OF SHIP SAVED AFTER TWENTY HOURS

Floats On the Top of a Pilot House On Lake.

Port Arthur, Ont., Nov. 24.—After floating for twenty hours on top of the pilot house of the steamer Myron, which foundered off White Fish Point, Capt. W. R. Neal, commander of the lost vessel, was rescued in an exhausted condition by the steamer W. C. Franz, which arrived here today.

Captain Neal, who is in a serious condition from exposure, declared that another steamer named the McIntosh had passed close to him before the Franz appeared and had refused to pick him up, replying to his appeal for help with a promise to send a tug.

Captain Neal was rescued off Farishan Island, twenty miles from the scene of the foundering of the Myron, Captain Jordan, commander of the Franz, at first believed the castaway to be dead, as he was unconscious, but noticing a movement of his hand sent a boat to investigate.

Captain Neal could give no information as to the fate of the members of his crew.

Cabinet positions to be filled are a Secretary of the Treasury to succeed Carter Glass, and a Secretary of Commerce to succeed William C. Redfield, both resigned. It was said at the White House today that the President's mind was still open on these appointments.

One Common Tongue.
"There was one word," wrote an American Red Cross nurse serving in a French army hospital, "that we quickly learned in five languages. It was the word that came most often to the lips of sick or wounded soldiers when suffering or delirium wrung utterance from them. It is Mutter, mere, moeder, madre and mother."

LARGE SUMS FOR SCHOOLS

Decision Will Add \$417,928 From Bingham Inheritance Tax Fund.

Frankfort, Ky.—The State school fund will get eighteen out of forty cents of the entire inheritance tax on the Bingham estate and the roads, University and Normal School will share in proportion to the levy for their support in the general tax law.

The Court of Appeals this month reversed the Franklin Circuit Court and held that State Auditor Green must pay into the State school fund eighteen fortieths of the inheritance taxes collected and not distributed.

Attorney General Morris took the view that under the law inheritance taxes went only into the fund for paying the general expenses of the government.

State Superintendent Gilbert brought the suit to collect \$417,928.50 inheritance taxes he claimed were due the school fund and the Court of Appeals sustained his contention.

Under this ruling only fifteen fortieths of the Bingham tax can be applied to the payment of the State debt, as that is the amount of the levy for general expenditures.

Dream Causes Wife's Murder.

James Sapienza, concrete block manufacturer of Irvington, N. J., shot and killed his wife in bed early Monday, but the murder charge against him may be dropped. He told the police he had been dreaming of threatening letters he actually had received and had shot at two men he dreamed he had seen creeping through the window. The authorities are inclined to believe this story.

He said he dreamed he reached under his pillow to get his revolver and then he was suddenly awakened by the noise of a shot. He found the revolver in his hands and it was

smoking.

"I am convinced this man is telling the truth for this reason:

"The bullet that killed his wife went through the pillow before it lodged in her head, behind the left ear. Sapienza slept on the left side of the bed and his wife on the right."

Prosecutor Harris, who said neighbors corroborated Sapienza's statement that he and his wife had always been on the best of terms, declared he believed the manufacturer was telling the truth. He added that Sapienza had turned over to him for investigation the threatening letters he had received.

GIRL BRINGS SUIT FOR \$50,000

Helen Barlow, of Lexington, Alleges Phelps Renick Suddenly "Dropped" Her.

Lexington, Ky., Nov. 22.—Suit for \$50,000 damages, growing out of an alleged broken engagement, was filed here today by Miss Helen Barlow, of Lexington, against Phelps Renick, Winchester.

Plaintiff's petition says she and Renick were engaged for several months, during which time Renick took her to Clark county and showed her his farming interests and handsome residence, which would bring happiness and pleasure to them when they were married. She says about Sept. 1 he announced his purpose of not marrying her and refused to converse with her about the matter. A similar suit was brought in the Jefferson Circuit Court several weeks ago, but service could not be obtained on Renick.

Sweet Potato.
It is not known certainly who introduced the sweet potato plant or when. Some authorities believe it to be of East Indian origin, but others more likely hold that it was a native of tropical America.
